Respected Recruiter,

I am writing to express my interest in this job position. With **over five years of experience** in the field of **data engineering/architecture and cloud** solutions, I am motivated about the opportunity to contribute to this company and join its mission. I believe that my background has equipped me with the skills and knowledge necessary to excel in this role.

In my most recent role at **T-Systems International**, I have been responsible for developing and implementing scalable data engineering solutions. My previous positions at **Medbelle, PwC, and Deloitte** have provided me with a diverse set of experiences in Cloud Architectures, Data Warehousing, Data Lakes and Big Data solutions allowing me to consult with Fortune 500 clients and lead data projects.

Here are **some key technical skills** that I believe would be valuable to your team:

- **AWS:** Extensive experience with many AWS services including Lambda, Glue, Redshift, S3, CFT, CDK, RDS, EC2, ECS, API Gateway, DynamoDB, Elasticsearch.
- **Python & PySpark**
- **SQL**
- **DBT**
- **Apache Airflow**
- **Data Modeling & ETL**
- **Docker, Kubernetes**
- **CICD, DevOps**

In addition to my technical skills, I am committed to continuous learning and **have achieved 6 AWS certifications**. These certifications help my dedication to learning and following best practices. I am confident that my background and passion for data and cloud solutions would allow me to make significant contributions to this team.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and experiences align with the needs of your team.

Please feel free to contact me at +49 15213047579 or via [email](#) to schedule an interview.

Sincerely,

Rishabh Oswal
